Rotary Printing:

Custom PMS Bandanna Colors, Faster Production & Softer Bandannas!

Starting at 3,000 pieces, we use the rotary process to print your bandannas. Rotary printing creates a softer bandanna because the eco-friendly, water-based pigment dyes are absorbed into the cloth.

Additional benefits:

- Your design is printed on white cloth so colors stay true
- Initial screens are included in pricing
- Faster production for large orders
- We can print up to eight colors
- Prepro sample at NO charge with full PO.
- Edge-to-edge printing is possible, depending on design
- White fabric choices -100% cotton & non-bleached natural cotton
- Go to website for art templates & more information.
