Our USA Made Exclusive
Print Process
2-Sided Bandanna
Imprinting

The fabric is printed on both sides in Duplex Printing. With this method a clear outline is produced on both sides of the fabric. The design is applied so skillfully by the printing cylinders that the result may be mistaken for a woven pattern.

FRONT Front side is right reading **BACK**

Back side is not a mirrored image,
but the color is 100% saturated as front.

Additional benefits:

- Innovative Printing (two sides with pigment dyes)
- Custom PMS Bandanna Color
- Initial screens are included in the price
- Restrictions involved - ONLY a 1 or 2 color design will work and art must be reviewed by our art department to see if the design is "Duplex Printable"
