16th Fold only NOT BAGGED

Sweatband Fold

**Design tip:** Align your imprint above and below the diagonal center line for a sweatband fold.

**Headband Design:** Place the image you want to appear on the forehead above and below the corner-to-corner diagonal line. Image should be no taller than 1 1/2" to 2" and between 6" to 8" wide. If you use two different imprints you get two ways to wear the bandanna.
