Bandanna Promotions offers a number of standard borders which you can utilize to dress up your bandanna design. There is no charge for using one of our borders. Many of our borders can be done as a multi-color imprint. If your logo and the border are the same color, there is no additional cost. If, however, you put your border in one color and your logo in another, it will be priced as a two-color imprint.

Add these borders to blanks & your logo on pgs. 21,36. Add borders to triangles on pgs. 39-40.
